SC Controlled Substance CE Course – “narcotics” course - additional registration needed

SCOPA is offering a course that has been approved by the SC Board of Examiners in Optometry for SC's new controlled substance CE requirement. The Prescription Drug Monitoring Program requires optometrists to get 2 hours of CE pertaining to approved procedures for prescribing and monitoring controlled substances listed in Schedules II, III and IV, every two years. This course (2 hours) is not included in the 20 hours of CE offered.

This lecture will be offered on **Friday, August 21st from 3 – 4:50 pm** in the general lecture session room. "**A Painful Practice**" will be given by Dr. Will Smith - \$60 registration fee.
